

KIPP: Bold City

HIGH SCHOOL

1440 McDuff Ave. N Jacksonville, FL 32254

KIPP Bold City High School, which opened in the fall of 2021, is the first KIPP high school in the state of Florida. The core values of the school are joy, growth, perseverance, authenticity, and choice. The administration endeavors to make the school a joyous place to work, live, and learn. Bold City provides choice in both academic and extracurricular activities in order for students to discover who they are and what they want to be.

KIPP Bold City's administration emphasizes the importance of a strong foundation for its freshmen students. To that end, starting in ninth grade, students have access to personal and career development courses, where they participate in college knowledge and career programming, as well as social emotional learning. Setting a strong foundation for students means that the staff not only has strong content knowledge of the subjects they are teaching, but they also have a positive attitude with a 'do whatever it takes' mentality.

The high school offers an array of academic programming. Dual enrollment is available starting the second semester of tenth grade for those students who meet the requirements. There are currently two Career and Technical Education Tracks: Health Science and Cybersecurity. We also offer Advanced Placement (AP) courses for all of our students without the need for recommendations.

Bold City believes that by providing rigorous and relevant curriculum to all, students will gain the knowledge and skills necessary to pursue the path they choose- college, career, and beyond. The instruction is adaptive and data-driven to ensure every student can and will learn.

Through the KIPP Forward program, Bold City supports students in overcoming barriers to higher education or their chosen career path after high school. KIPP Forward counselors help alumni keep moving forward, tackling academic, social, and financial challenges students might encounter while pursuing their dreams. Through the KIPP Alumni Network, our KIPP family is creating powerful connections, and ascending together with networking, mentorship, leadership training, and more.

At KIPP Bold City High School, students will be better tomorrow by growing today. They will be lifelong learners with a growth mindset, and they will express love and joy for themselves and others. Students will leave KIPP as courageous leaders who are able to advocate for themselves and fight for social justice.
